

## REACH Prep News: Summer Highlights 2021

### Congratulations to Cohort 27!

We were so happy to host the 27th Prep Academy Commencement at Greenwich Country Day School this August. Families, faculty, and staff were excited to celebrate Cohort 27 students and their accomplishments over the past 15 months. Attendees heard several inspirational speakers, including Chidera O. in the photo above. We can't wait to see what the future brings for these dedicated students as they transition to their independent schools and to our middle school programming.

### Prep Academy Brings Artwork to Life Using Technology

Cohorts 27 and 28 attended Prep Academy for six weeks this summer, studying subjects including math, economics, and Latin. Cohort 27 also attended a collaborative technology and art class which featured a "Moving Masterpieces" assignment where students recreated an art masterpiece using robotics to animate and illuminate their creations. Pictured here is Amy Z. displaying her artwork.

9th & 10th Graders Attend New  
Summer Programming

REACH Prep created a new summer program this August to preview upcoming high school academics. Rising 9th and 10th graders were given instruction that included a glimpse of their respective English and Math classes. They also attended workshops on how to best transition to and thrive in their next grade.

## Students Participated in Summer Opportunities

REACH Prep connected many of our middle and high school students to a variety of experiential academic, pre-collegiate, and early professional programs this summer. Pictured here are just a few of the programs. We're grateful to our many summer program partners for providing these enriching experiences.
