Empowering the next generation of leaders

Dear Friend,

As we celebrate the **30th anniversary of REACH Prep**, we are excited to provide an opportunity for donors, companies, and foundations to have a lasting impact on the organization.

This special gift initiative is the **30 for 30 Campaign**, with 30 funders gifting \$30,000 or more in honor of our three decades of empowering leaders. As a participant, you will be honored at our events this year and receive special recognition at our new office space.

Your support will allow us to continue to provide educational resources, college and career support, and summer opportunities for 250 students annually. We remain committed to sustaining and growing 12 years of educational support as we have seen the positive impact of our scholars and alums succeed in their academic and professional pursuits.

We invite you to join us in making a gift this year to commemorate this milestone and continue our commitment to empowering the next generation of leaders

Sincerely,

Becky Reiser

Your **30 for 30** Campaign gift will leave a lasting legacy and support our long-term goal of helping underserved students gain access to exceptional educational opportunities. Thank you for your investment in our mission.

“When I was introduced to REACH Prep, I was also being introduced to a new life trajectory. A trajectory defined by superior educational opportunities and one

that seemed boundless, where the only limiting factors were your work ethic and motivation. REACH Prep paved the way toward an amazing independent school education and guided me along the way. My experience with REACH Prep shaped who I am today, and is a connection that I will have for the rest of my life.”

“I am so grateful to REACH Prep for putting me on my path to success. The lessons I learned while at Prep Academy still guide me today. REACH Prep has been

such a strong foundation for me throughout this entire journey, and I cannot wait to guide the bright minds that want to follow in my footsteps one day. I'm very happy to say that I graduated magna cum laude from Boston University Medical School! I'm heading to New York to start my ophthalmology residency at Albert Einstein/Montefiore in the Bronx.”
